

Smart Wall Hung Toilet with Seat Cover  
A product by Zilver  
Item Code: SWHT203

#### Description:

Wall hung toilets are perhaps best known for the unique look they have. With a concealed cistern in the wall and a toilet bowl seemingly 'suspended' above the floor, they can appear very different to the traditional floor-mounted toilet that many of us are used to. Clean Design with concealed rag-bolt area.

#### In The Box
