Elevate Your Comfort Zone

At Smart Sanitary, we believe that your bathroom should be more than just a functional space; it should be a sanctuary of comfort and luxury. Our mission is to transform everyday routines into extraordinary experiences by offering innovative sanitary solutions that blend cutting-edge technology with elegant design.

Elevate Your Comfort Zone is not just a tagline; it encapsulates our commitment to enhancing your daily life through thoughtful design and premium quality products. Our range of smart sanitary accessories is designed to provide you with the ultimate comfort and convenience, making your bathroom a place where you can unwind and rejuvenate.

Our commitment to quality and innovation ensures that you have the best products available to transform your daily rituals into moments of indulgence. Join us in redefining your bathroom experience and discover how Smart Sanitary can help you elevate your comfort zone to new heights.

Foundations of Quality

We source only the finest materials for our products, ensuring durability and longevity. From high-grade ceramics to robust metals, every component is selected for its strength and aesthetic appeal, providing a flawless finish that withstands the test of time.

Smart Sanitary is at the forefront of technological advancements in the sanitary industry. We integrate innovative features into our products, such as touchless controls, self-cleaning mechanisms, and energy-efficient designs.

Product Care & Maintenance

Our mission maintaining the beauty and functionality of your sanitary products

Warranty

At **Smart Sanitary**, we are dedicated to providing our customers with not only exceptional products but also the assurance of quality that comes with our comprehensive 5-year warranty. This warranty exemplifies our commitment to luxury, durability, and customer satisfaction. Here are the key features of our warranty that reflect our promise to you:

Comprehensive Coverage: Our 5-year warranty covers defects in materials and workmanship, ensuring that any issues arising from manufacturing faults are addressed promptly and effectively.

Easy Claims Process: Our warranty claims process is straightforward and customer-friendly. We strive to ensure that any necessary repairs or replacements are handled efficiently, minimizing any inconvenience to you.

Quality Assurance: The 5-year warranty is a testament to the quality and craftsmanship of our products. We utilize premium materials and cutting-edge technology in the design and manufacturing of our sanitary solutions, ensuring they meet our high standards for performance and durability.

Toilets

The Wall-Hung Toilet by Smart Sanitary offers a sleek, modern solution for those who seek both elegance and practicality in their bathroom design.

This floating-style toilet creates a clean, minimalist look by being mounted directly on the wall, with the tank concealed inside the wall for a streamlined appearance. The open space beneath the toilet gives the illusion of a larger bathroom, making it ideal for compact or luxury spaces alike.

Its minimalist design, customizable installation, efficient performance make it a perfect choice for those seeking to elevate their bathroom with elegance, comfort, and space saving innovation.

Effortless Elegance in Every Drop

The Smooth Faucet by Smart Sanitary combines sleek design with flawless functionality

Our Services

At Smart Sanitary, we believe that offering premium products is only part of the equation; exceptional service is what truly elevates the customer experience. Our comprehensive range of services is designed to support you at every stage, from selection to installation and maintenance, ensuring that your journey with us is seamless and stress-free.

At **Smart Sanitary**, our focus on exceptional service is what sets us apart. From the moment you engage with us, our priority is to ensure that your experience is as smooth and luxurious as the products we provide.

Our Achievements

At Smart Sanitary, we are dedicated to transforming everyday bathroom experiences into moments of luxury and convenience. As a premier provider of high-quality sanitary products, we blend modern design with advanced technology to create solutions that are both stylish and functional. From our sleek, precision-engineered faucets to our space-saving, eco-friendly toilets, each product is crafted with attention to detail, ensuring that it meets the highest standards of durability and performance.

With a strong focus on customer satisfaction, we offer a comprehensive range of services, including expert consultation, professional installation, and ongoing maintenance support. Our commitment to excellence is further reinforced by our 5-year warranty, ensuring that every product we provide is built to last and supported by exceptional after-sales service.

Icon

Easy to Clean

Our designer team made the product with clay and added additional coating which made for easy to clean and refresh your bathroom experience.

Anti-Bacterial

At TITA, our engineering and R & D team work together to update the hygiene experience for end users and an add coating to make the product bacteria free and easy to clean.

Soft Close Seats

Our designer team made softer open and close seats which making you feel smooth open and auto close experience.

Rimless

Our R&D team think about how much easier it would be to clean if there is no rim so we have introduced a wide range of rimless toilet.

For Kids

Our range of product design made with perfect dimension and height which are easy to use for kids as well.

For Women

A lot of questions pop up when people are considering trying a bidet. It is one of the most valuable and an inventions invention for women.

Water Saver

Our engineering team add option for customer will get different flush option like 1ltr, 4ltr and 6ltr where customer can use according to use saves water and nature.

Dual Flush System 3/6 Liters

The dual flushing will save your 40% of water and gives you the same cleanliness by using 6 liters of water rather than 10 liters. An ultimate solution for saving water.

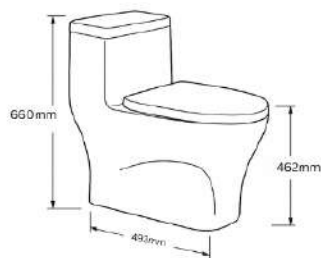

**60%
WATER
SAVER**

60% Water Saver

Save 60% Water approx 4 liters in a single flush to clean all.
